Effective Feb. 1, 2012
Amended Feb. 11, 2016

Membership Suspension Policy

Membership in PRG will be reviewed by the leadership team and potentially suspended when a member:

- misses 8 or more consecutive practices without submitting a leave of absence.
- is 2 or more months behind in dues without notifying the Finance Director.
- violates the PRG Policies or Bylaws.

Members at risk for suspension shall be notified verbally and via email of the possible suspension. They will be given the opportunity to speak with the team captain and a member of the BOD to explain their behavior. The AM and BOD member shall have authorization to approve a "second chance" period of two weeks. A second chance can only be granted once a year. The member must adhere to all attendance, dues, and conduct policies during that two week period. If financial troubles are a primary issue, the member may work out a payment plan with the Finance Director. The payment plan shall require that 50% of the amount owed to the league is paid by the end of the two week "second chance" period. If a member does not adhere to all "second chance" requirements, their membership will be suspended immediately.

Suspended members shall no longer be recognized as a member of PRG and will not receive any benefits of membership. A skater who is suspended may request to return to the league at any time. To be considered for membership renewal, the suspended member must notify the Membership Director via email of their intention to return to the league. Their present attitude and commitment will be reviewed by the BOD and AM prior to their membership being renewed.

SELF SUSPENSION

Members may request a membership self-suspension at any time. Members who self-suspend are simply stating their desire to be removed from league commitments until a time when they are able to return. Note: If a member simply needs a short-term break from attendance requirements, the member should request a LOA. A member who self suspends may request renewed membership at any time by notifying the Membership Director, via email, of their desire to return to the league. Their present attitude and commitment will be reviewed by the BOD and AM prior to their membership being renewed.

RETURNING MEMBERS

Members who are approved for return from suspended membership or self suspension must pay 2 months' consecutive dues on time, meet the attendance requirement for 8 consecutive weeks, and re-pass skills before roster eligibility will be considered.
